We have reached a decision regarding your submission to Khazanah Sosial, "Social Policy in the Implementation of Concurrent Government Affairs in the Nias Archipelago Area, Indonesia".

Our decision is: Revisions Required

Note.
Articles can be improved with several considerations such as:
1. abstract fix
Please explain, what is the purpose of this research? what are the main problems there? what method to use? what's the result? after the discussion resulted in what? is there any impact?

in the abstract now the author does not show the things above.

2. introduction.
No novelty statement found? Can this research cover previous research? what is the initial data of this problem? mostly just narrative.

3. no research method? either in special sub-chapters or in the introduction. should be added

4. The literature review requires the addition of the latest primary references (2018-2023).

5. on the discussion. The discussion that occurred was quite interesting, you need to compare it with the results of other studies.

6. Adjust the conclusions after there are new findings during the revision.

7. references.
please add at least 10 primary references from reputable international journals

Best Regard
